

State Troopers Fraternal Association of New Jersey

DAVID JONES, PRESIDENT

July 17, 2008

732 528-6388

For immediate release:

The STFA is aware of the decision by the investigative authorities tasked with handling the December 2007 Mercer County allegations against off duty members. The culmination of an exhaustive investigation is the exoneration of said members from any criminal wrongdoing. This has been a painful and trying period for all concerned. We applaud the professionalism and dedication exhibited by all the agencies and experts who worked so diligently to assure all sides were respected and no stone was left unturned in a matter of such sensitivity and seriousness.

David Jones

President STFA NJ
